[1] Becoming a light

Becoming a light
I know
darkness has an end
piece of piece
sun gave her might
to ME the child
of heaven earth and sea
so chains of evil
can't drive me
round the bend
she also gave
a companion
to me LOVE his name
we need no weapons
only my light
and his flame
are our need
password is time
having the might
to bring back joy
and fortune
to suns seed!

[2] Firestorm

Firestorm
of heat and flame
touched my soul
tonight
took part of me
till morning came
and melting heart
went into light
HE took my dreams
I took his fire
and burned the dawn
that made me see
from moment
dreams became desire
life will never be
the same again
for YOU and ME

[3] Satisfaction

Satisfaction
waits on the top
of the hill
making her arms
wide
I'm drinking
fresh air
and sun strokes
my face
while laying inside
Mind's getting clear
and without
all fear
I can feel
the return
of my strong will!

4] Thanks

THANKS
to the Great One
I'm living!
My mind
a growing corn
feeling
the great circle
surround
ME
in the middle
between
taking and giving
sun holds my joy
to be born!

[5] Words

Words
streaming
out of me
like water
out of a spring
her surface
the mirror
of my soul
trying to free
mind and
emotions
optimism's
shouting out
SIMPLY BE!
